

PTR HANDLES ALL YOUR CONTROLLED ACCESS NEEDS INCLUDING DESIGN AND INSTALLATION

We take pride in our turnkey capability that makes the process of obtaining safety and access control EASY for our valued clients.

Our specialty systems include Automatic Gates, Access Control & Video Surveillance.

PTR works collaboratively with contractors, developers, property managers and HOAs to seamlessly ensure the customer's objectives are achieved every time at competitive pricing. We provide multi-family, commercial and industrial applications.

Our technicians practice industry standard safety procedures on all projects while adhering to their rigorous professional training. Our responsive team members are certified, licensed and insured. Prompt maintenance and service call follow-up is a top priority as we focus on unique customer focused results.
